This code of conduct is applicable to the student-athlete, parent, teacher, school administrator, and member of the school community.

# RESPONSIBILITY OF SCHOOL ADMINISTRATORS

The school principal or his/her designated representative shall be the responsible administrative officer of a school. Due to the Right to Information and Protection of Privacy Act, principals must advise parents that when participating on school sports teams, student names and depending on the sport, grade level and height information may be distributed for use on games sheets, schedules, tournament programs. While students participate in NBIAA activities in public venues and schools, it is expected that photographs or videos (live stream) may be taken by spectators and the media. Once spectators are invited to the event, it becomes a public event and anyone in attendance is allowed to take photographs or videos without first obtaining consent. Visitors are reminded to be respectful of other individuals' privacy, but the NBIAA/school is not able to control the images captured and shared on social media sites. For a sample of an Interschool Athletic Participation Form, principals can refer to Appendix A of the New Brunswick Safety Guidelines for Secondary Interschool Athletics.

The school principal's responsibility shall include, but shall not be limited to, the following:

**Host School** – The basic responsibility of the host school is to take every possible measure at any athletic activity to assure courteous, friendly, safe and fair treatment to visiting players, school representatives, fans and game officials.

**Administrative Control** – The administration and supervision of all facets of all activities in the high school program shall be entirely controlled by the properly constituted administrator.

**Conduct of Participants** – The responsibility for the conduct of the coaches, players and spectators at any athletic contest shall lie with the administrators of the schools whose teams are participating in the contest.

**Hazing** – A form of team initiation is a behaviour that will not be accepted amongst NBIAA school teams. Any penalty for inappropriate behaviour that is outlined in the Department of EECD Policy 703 will be administered by the school or schools involved. Upon further review of the incidents, the NBIAA reserves the right to impose further sanctions.

**Conduct of Administrators – News Media** – A school administrator shall never use the news media or social media to criticize another school administrator, school team, coach, player, game official or the NBIAA. All members have a right to discuss issues with the NBIAA Executive Committee, but these issues should be communicated by all members with due diligence in a professional manner.

**Student Eligibility** - The school administration must assume responsibility for verification of all student eligibility rules.

**Online Access** - The username and password for the NBIAA online system has been given to the school Principal. The password for the online system is considered to be the signature of approval from the school Principal.

**Non-School Teams** - The use of the school name, uniforms and equipment by the non-school team gives the perception that the team is under the authority of the principal. To prevent a legal challenge concerning liability, it is not permitted that the non-school team be allowed the use of the name, uniforms or equipment of the school (as per O.R. 10.8). If the school district permits the non-school team to use its facilities or equipment, a formal agreement must be signed between the school system official and the outside organization/individual responsible for the supervision at the school facility during the event (EECD Policy 407 – Community Use of School; Education Act – Regulation 97-150 – Community Use of School Property). It is also recommended that facility rental agreements be put in place with the non-school teams. The agreements should clearly define who has jurisdiction over the non-school team.

    - ii. Other local school(s) have players available to play, but were cut from all home school teams, including exhibition teams.
    - iii. Schools with more than 20% of their players from another school may be moved up a classification. Combined school populations may be used to determine the team's classification.
  - b) Schools who are in need of extra player(s) to field an exhibition team may be eligible to add players from a maximum of one or two other local school(s) if they meet the following criteria:
    - i. The schools do not have a reasonable enough number of players to field their own school team and have not made any athlete cuts after their own school tryouts.
    - ii. Other local school(s) have players available to play or who were cut from all home school teams, including exhibition teams.

- 3.2 A sport specific education program allows for sport specific education, training, instruction and/or competition; provides sport skills training in a targeted sport; provides other training/ education such as, but not limited to, weight training, sport nutrition, or mental training to support the targeted sport. If this program involves more than 50% of instructional time in one sport, it is considered a sport specific education program.

A student is allowed to enrol in a sport specific program for one semester and will remain eligible to compete in that sport with the NBIAA. Once the student enrolls in a second sport specific program of that same sport, they become ineligible to participate with the NBIAA for that sport until graduation.

- 3.3 Insurance becomes available once the player meets the eligibility requirements of the NBIAA.
- 3.4 The NBIAA strongly condemns any attempt to recruit a student-athlete into a member school. A recruiting prohibition discourages exploitation of students: prevents over-emphasis of athletics; gives average student-athletes more opportunity to participate; discourages adults from jeopardizing a student's eligibility and prevents misuse of athletic programs.

1. **Definition:** recruiting is defined as a representative of a school, either directly or through another party, encouraging a student to attend a school other than that catchment area in which they reside, for the purpose of being involved in extracurricular sport. The school representative could be a teacher, administrator, school district employee, school employee, student, parent, alumnus or any person representing themselves as a school contact.

2. **Indicators of Recruiting:** there are many legitimate times that a school representative and/ or coach of a school team will be in contact with students from another school. Therefore, indicators of recruiting have been developed to provide parameters of behaviour expectations for coaches and other school representative(s). For brevity, the term "coach" is used, but the policy applies equally to coaches or any other school representatives as listed above.

- a) a coach shall not initiate contact with any student who does not attend, or does not directly feed into the coach's school, in order to suggest, encourage or explain a transfer to a different school.
- b) a coach shall not encourage any other person, including past and present players, to contact any student to suggest, encourage or explain a transfer to a different school.
- c) a coach shall not permit a student who is not currently enrolled at the coach's school, or whose present school does not directly feed into the coach's school, to participate in team practices or participate in scheduled team activities (including travel to games/ events, team meetings or trips), unless specifically agreed to by the NBIAA.
- d) a coach shall not permit a student who is not currently enrolled at the coach's school, or whose present school does not directly feed into the coach's school, to attend "open gym" at the coach's school or attend spring or summer practices, games or camps specifically designated for enrolled students.
- e) a coach shall not entice a student who is not currently enrolled at the coach's school, or whose present school does not directly feed into the coach's school, into transferring to the coach's school. Examples of the applicable situations are listed below, but are not limited to:
  - i. Providing particular inducements such as preferential accommodation, reduced fees or employment at any camp program;
  - ii. allowing the non-enrolled student to accompany the team to a school or team function, or by offering a discounted or special admission to any school function, including team games;
  - iii. providing a non-enrolled student with team plans, practice outlines or game plans;
  - iv. providing transportation, equipment, clothing/footwear or financial inducement in order to facilitate a non-enrolled student's involvement in out-of-season contests, leagues, camps, clinics or related programs;

- v. inviting or allowing a student who is transferring to the coach's school to reside with the coach (and/or coach's family) who is not the student's parent or legal guardian or being financially supported in anyway by a coach or institution;
  - vi. a coach shall not use an evaluation process from an out-of-season program or camp to suggest that a student transfer to any other school other than the one at which they are currently enrolled or into which they will directly feed.
- f) Student Approaching a Coach: If a coach is approached by any student who is not enrolled at the coach's school, or by any student who will not directly feed into the coach's school, with questions or comments regarding any sports program at the coach's school, the coach must direct the student to the school administration or school district office. Once a student has registered at the coach's school, the coach may discuss school teams.
- g) offering monetary or transportation assistance to a student, parent or guardian (including fees, tuition, bus passes or other allowances or waivers). Provided however, that for the purposes of these regulations, waiver or any fee ordinarily charge to an international student by a school, shall not necessarily be considered undue influence or recruitment. Provided further that, when determining whether undue influence or recruitment exists, the NBIAA Executive shall be entitled to consider whether such fees are waived for students not involved in athletic activities.

**If a person has knowledge of undue influence or recruitment, as defined herein and allegedly committed by any other student, coach, teacher, school staff, or administrative personnel connected with an NBIAA member school, they shall provide written notice of the allegation of undue influence or recruitment to the Executive Director.**

#### **Sanctions and Penalties:**

Upon reporting of a recruiting violation **in writing and signed by the school Principal** to the NBIAA, the Executive Director shall initiate an investigation of the allegations contained in the written notice. The Executive Director will present the written complaint to the school involved and require a written response from the Principal by 4:00 PM of the next business day.

Any school staff or administrative personnel of the school involved, who fails or refuses to cooperate with and assist in the investigation conducted by the Executive Director, may result in the team being excluded from all competition or subject to alternative penalties as determined by the NBIAA Executive Committee.

Should the investigation result in confirmation of recruiting, the NBIAA Executive committee will review the infraction and sanctions may range from:

1. The player and / or team may be ineligible for participation in NBIAA provincial playoffs within the same season of play.
2. Be fined up to \$1000.00
3. Have the head coach ruled ineligible for participation within the CURRENT and NEXT season of play.
4. Be subject to any or all of the above mentioned penalties or to alternative penalties as determined by the NBIAA Executive Committee.

## **O.R. 4 - JUNIOR CHAMPIONSHIP DIVISION**

- 4.1 Junior competitions shall be conducted in similar manner to senior competition.
- 4.2 Junior games shall be of the same duration as senior games.
- 4.3 Junior soccer championships will be conducted one (1) week prior to the senior tournaments; basketball and volleyball two (2) weeks before senior events. Badminton, cross-country, swimming, track & field and wrestling will be held in conjunction with the senior championships.
- 4.4 A junior eligible player may participate in a maximum of three (3) senior league and (6) senior exhibition games or matches prior to Junior Regional play without the loss of junior eligibility. An email notification must be sent to the NBIAA Conference President or designate.

4.5 After the players' list deadline, a junior player can be transferred to the senior team. Such actions constitute a permanent move. A player cannot be transferred up if their team has competed in Junior Regional play.

**O.R. 5 - FINANCIAL AFFAIRS: REGIONAL TO PROVINCIAL EVENTS**

## O.R. 7 - ALL-STAR GAMES

7.1 One all-star game for girls and one all-star game for boys will be sanctioned per sport. Games will be organized by the sport specific coaches associations without executive committee involvement. The Association will not bear any financial responsibility for such events.

## O.R. 8 - WEATHER POLICY

The safety of players, coaches, management and spectators is the primary concern in any weather event that occurs during all NBIAA sanctioned activities. By understanding and following the information below, the safety of everyone shall be greatly increased. Ultimately the referee has the final say over delaying or restarting a match they are controlling due to weather and they are expected to act responsibly when dealing with such events. (See Lightning Protocol in the Appendix Section of the Handbook)

The NBIAA and all schools involved in Conference, Regional or Provincial tournaments must be notified of changes to schedules if weather forces a delay or cancellation. Confirmation must be received from all schools involved regarding changes.

No teams shall travel until they are notified that everything is on schedule.

8.1 No NBIAA activities (practices, league games, exhibition games, tournament games) are allowed to occur if any school involved is closed by their district's superintendent. When school districts (zones) are closed, those NBIAA activities within that school district (zone)

are cancelled and teams are not permitted to travel out, in or through those areas. For safety reasons, all private schools are to be considered closed if their local school district is closed. Exceptions may be granted by the NBIAA office with approval from the superintendent(s) for certain NBIAA Provincials Championships when teams are on site and no travel is required.

- 8.2 The decision to cancel or postpone NBIAA regional to provincial events will be made by the NBIAA office. The decision is typically made one day prior to the event, while taking into consideration the weather forecast, potential school closures and the number of teams affected.
- 8.3 All schools hosting regional to provincial events are to contact the NBIAA Executive Director to prepare alternate schedules that would come into effect if the events are postponed.
- 8.4 Teams involved in regional to provincial tournaments, that run over two or more days, must be prepared to stay overnight if weather becomes a safety issue.
- 8.5 The NBIAA will not be responsible for any expenses incurred related to rescheduled events.

## O.R. 9 - SAFETY GUIDELINES FOR INTERSCHOOL ATHLETIC PROGRAMS

All coaches **must** fulfill their obligation to provide the safest possible environment for their athletes by following the Safety Guidelines for Physical Education in New Brunswick (Secondary Interschool Athletics—Module 6) and Policy 709 (Student Physical Activity Safety Standards) published by the Department of Education and Early Childhood Development.

**First Aid Certified & High Risk Sports** - The following sports are considered High Risk through the Dept. of EECD - Safety guidelines for Physical Education : Cheerleading, Field Hockey, Football, Hockey, Rugby, Swimming, Track and Field – Discus, High Jump, Javelin, Shot put and Wrestling.

For the high risk sports, a member of the coaching staff **must** be first aid certified with the team at all practices and events. The minimum requirement for first aid coverage is the presence of an individual who takes responsibility for providing first aid to injured participants throughout the entirety of a practice and competition. For further information, refer to the First Aid Coverage for Activities as per Module 6 above.

The NBIAA Emergency Action Plan (EAP) **must** be completed and filed with the NBIAA representative at the start of each sport season per team. The purpose of the EAP is to assist the coach in responding to an emergency situation during a team event. Coaches must assign team members to the EAP and educate the students on their roles. Further information can be found in the EAP form online.

ALL coaches **must** follow the “Rule of Two”, which means they are never alone with a student-athlete and always having another coach, volunteer, student-athlete or parent present.

The Safety Guidelines on “Universal Precautions Re: Blood and Bodily Fluids” must be followed along with the following precautionary measures to reduce the spread of infectious diseases such as Aids, hepatitis, etc., when blood is present:

- 9.1 Any athlete with an open wound (cut, scrape, blister, etc.) from which blood, plasma, or pus is escaping should be removed from competition by an official at his/her discretion and should not be allowed to return until the wound has been adequately covered.
- 9.2 Any athlete whose uniform is bloodied either with their own or someone else’s blood should be removed from the game by the official at his/her discretion until said uniform has been exchanged, cleaned\* or the affected area adequately covered.

\*Blood spots may be cleaned on the site by spraying a 10% bleach solution (Solution must be prepared daily).

\*Any bloodied uniform should be laundered in hot soapy water.

- 9.3 Any athlete returning to the game after a "blood policy infraction" must be cleared by a game official.
- 9.4 All teams should make provisions to have extra uniforms or adequate uniform substitutes which an official could approve.
- 9.5 Air horns or any other electronic amplifiers will not be permitted during NBIAA events. If the NBIAA event organizer, the officials or the NBIAA questions the safety or appropriateness of any noise maker, we will ask for it to be removed from the event.

## O.R. 10 - DISCIPLINE

Any team personnel who incurs a suspension cannot participate in any NBIAA activities (league, playoff, exhibition or tournament) in any capacity (i.e. coaching, officiating, playing, etc.) until such suspension has been served in that sport season. If all suspensions are not fully served in that sport (\*see requirements for Hockey), the remaining suspensions will carry over to their next NBIAA sport. \*Hockey suspensions remaining at the end of the hockey season will be reviewed by the NBIAA Executive Director, President & Hockey Commissioner to determine how they will be served. In order to serve their remaining suspensions in the next NBIAA sport, athletes must have been part of the NBIAA sport in the previous year. Athletes and coaches can remain practicing until that suspension has been served. No additional competitions may be added to a team's schedule until after the suspension has been served. Team personnel may not participate / communicate with his/her team before a game / match, between periods, at half-time or after a game while serving a suspension. Such action will result in a minimum 5 game suspension. If a coach is ejected from a contest and an assistant coach or an assigned school representative is not available to continue as coach, the event is terminated and forfeited to the opponent. If the suspension /ejection takes place during a semi-final regional or provincial event, they will be suspended from the next scheduled game of that sport, excluding exhibition games.
- 10.2 a) Any team personnel who physically abuse an official shall be suspended from interscholastic sports for a minimum of 10 games. Such suspensions will come directly from the NBIAA office.  
Upon further review of any incident, the NBIAA reserves the right to impose further sanctions.

\*If the remainder of sport season is finished, the NBIAA will determine the appropriate suspension for their 3<sup>rd</sup> offence (minimum 8 games).

Team personnel guilty of misconduct before, during or immediately after a game shall be reported to the NBIAA office in writing (e-mail) or telephone by a member school administrator, official, or tournament manager as soon as possible after the misconduct occurs. (Any penalty for inappropriate behaviour that are outlined in the Department of EECED Policy 703 will be administered by the school or schools involved.) Upon further review of the incident, the NBIAA reserves the right to impose further sanctions.

The NBIAA will accept a video submitted within 72 hours of an incident reported and it must visually indicate the exact play in question (ex: score clock). If requested, the video must be shared with the visiting team and the NBIAA.

- 10.5 All NBIAA activities are to be alcohol, tobacco and drug free for all players, coaches, parents, officials and spectators. This applies to activities held on school property, as well as rented community facilities. The NBIAA will not sanction activities where facilities are not able to accommodate this policy.
- 10.6 Coaches and players not following the fair play code of ethics may be suspended or placed on probation for a year. (See Section 6)
- 10.7 When any school event or game is held or played outside the school's facilities, the administration of the school retains the right to discipline those involved as if the event or game was held or played on school property. The host school and/or school representative is responsible for safety, good order and discipline, and can take disciplinary action when necessary.

Any recommendations advanced to the Executive Committee from a Coaches' Association must have been properly moved, seconded and approved by at least 75% of members present at the AGM of that activity. All recommendations must be forwarded to the Executive Committee for discussion and approval.
- 12.4 The NBIAA will not pay additional charges to outside associations.

### O.R. 13 - NBIAA COACHING CERTIFICATIONS

All coaches must go through an approval process by the school administration to determine their knowledge, experience and qualifications to coach the school activity. The EECD Safety Guidelines for Physical Education (Secondary Interscholastic Athletics) indicated in O.R. 9 must also be followed.

- 13.1 In order for a team to be eligible to participate in NBIAA activities, the following courses are required by all coaches prior to the beginning of the sport season. If a coach is not certified in the required courses, they will not be able to coach until the courses have been taken and passed. All courses can be found under the Coaching Courses link on the NBIAA website.
- A **Coach's Guide to the NBIAA** course launched in 2019, is designed to educate the teacher coach, as well as the non-teacher coach who has volunteered to coach in a New Brunswick high school. This FREE online course will help coaches to understand NBIAA Policies, school procedures and the role of a high school coach. All registered members on the coaching staff must have successfully completed a NBIAA Coaching Certification course (pre 2017 or post 2019), prior to the beginning of the sport season.
  - The free online CAC **Making Head Way** concussion course.
  - Cheerleading, Football, Basketball, Hockey, Rugby and Soccer** have specific coaching requirements and recommendations referenced in each sport O.R.

### O.R. 14 - CONFERENCE / REGIONAL FORMAT

- 14.1 If a Conference has three (3) teams or less in an activity, then two conference presidents and the appropriate executive members will decide on the structure for regional advancement. If no agreement can be reached, then interlocking play shall take place with the other Conference in the regional set-up. If a conference or interlocking conferences have more than 8 teams registered in the league, we recommend that the teams be divided geographically to create two pools with a playoff format. The proposal

shall be sent to the NBIAA for approval. No league play may commence before such approval has been received.

- 14.2 All playoffs and tournaments must be carried out to their conclusion in order to attain competitive rankings leading into provincial play. All playoffs will consist of a maximum of 4 teams or less.

The NBIAA is recommending that all scores be submitted online by the **HOME** team within 48 hours of each game and must be updated two weeks prior to the Regional. Each team is ultimately responsible to verify that their scores have been accurately submitted at the conclusion of league play. All games must be included on the NBIAA online schedule in order to track suspensions served.
- 14.6 For all team sports, 3 points will be awarded for a win, 1 point per team for a tie (if no OT is played), 2 points for a win in OT and 1 point for a loss in OT.

#### 15.4 Limits of Games per season per sport

- ii. Fined up to \$1000
- iii. Head coach to be ruled ineligible for participation within the next season of play.
- iv. Be subject to any or all of the above mentioned penalties or to alternative penalties as determined by the NBIAA Executive Committee.

15.5 All league competition shall be held outside instructional hours. No exhibition games shall take place during instruction hours between Monday and Thursday.

Recognizing that extraordinary circumstances arise from time to time and communication from the school Principal needs to be addressed with the NBIAA for approval.

All regionals and provincial competitions shall be held no earlier than 1:00 p.m. on a Friday, however competitions will be allowed to begin at 10 a.m. if deemed necessary by the NBIAA.

If necessary and after consulting with the school principal, students traveling to school activities will be allowed during instructional hours.

(Example: leaving early due to distance and daylight) The loss of instructional time will be limited to no more than three instructional days per activity for regular season play.

15.6 The loss of instructional time during regional and provincial competitions may be necessary.

15.7 A student is eligible to compete in one (1) major activity per season. A guideline for a major activity is one that may practice at least 3 times a week.

15.8 All students should be given the opportunity and encouraged to participate in a variety of activities.

15.9 Expectations regarding appropriate conduct must be explicitly stated and clearly communicated to all involved.

15.10

- a) Behavioural standards will conform to the requirements of the Education Act, as well as, provincial, district and school policies.
- b) Student-athletes must remain fully clothed in the appropriate team uniform in the competition area, AND use the designated locker room or change area to change to and from competition attire. Violations of this rule shall be reported to the NBIAA Executive Director and penalties may result in the school being assessed a fine of \$200.
- c) Players are banned from using cell phones during NBIAA competition and cell phones are not allowed for use by students acting as minor officials at conference /regional/provincial championships.
- d) Mercy Rule: To promote fair and equitable competition in all contests and to recognize the educational need to control games involving teams that are over-matched, a mutual agreement between the involved officials and coaches is determined in order to implement strategies to complete the game by limiting the negative experience. (See specific rules in baseball, basketball, football, hockey, soccer and softball)

15.11 Open activities (open gym/field/rink/pool or other facility) may be conducted by member schools, providing they are approved and scheduled by the school principal. The open activities are for recreational purposes for which all students are invited to participate. Adults involved in such activities should be solely for the purpose of supervision and under no circumstances should be instructing, teaching skills or coaching at any time. In addition,

the NBIAA will conclude that out of season coaching is taking place if those attending the open activities are only members of one athletic team including 1 or more of its coaching staff.

**15.12 Gender Participation Principles**

Gender eligibility in NBIAA competition shall be in line with the following sanctioning of calendar activities by the Association:

Badminton	Boys, Girls, Mixed	Hockey	Boys, Girls
Baseball	Open	Rugby	Boys, Girls
Basketball	Boys, Girls	Soccer	Boys, Girls
Cheerleading	Open	Softball	Girls
Cross Country	Boys, Girls	Swimming	<u>Open</u>
Golf	Open	Track & Field	<u>Open</u>
Field Hockey	Girls	Volleyball	Boys, Girls
Football	Open	Wrestling	Boys, Girls

The onus is on individual member schools to provide programs consistent with the Association’s sanctioned activities. A female-athlete may try-out for the team of the opposite gender within the school, but is encouraged to participate in the appropriate gender category.

- At the ASSOCIATION level:
- girls have access to participate in all 16 activities
  - boys cannot participate in field hockey and softball

Any transgender and/or non-binary student-athlete may participate fully and safely in gender-separated sports activities in accordance with their gender identity. A student-athlete who does not identify as either binary gender may participate with the gender in which they feel most comfortable. Decisions will center around the student-athlete’s wishes and will not be subject to requirements for disclosure or personal information beyond those required of cisgender athletes.

Decisions regarding team choice will be made at the beginning of the season of play. The student-athlete may not switch teams within the season of play. If the student chooses to identify as a different gender in a different season of play, the school personnel must submit a letter to the NBIAA office.

Transgender and gender diverse student-athletes have the right to safe restroom facilities and the right to use a washroom that best corresponds to their gender identity. Section 6.4.1 in Policy 713 – Sexual Orientation and Gender Identity states that ‘all students will have access to washroom facilities that align with their gender identity. The washroom facilities will be available to all students in a non-stigmatizing manner.’ Schools may also provide gender neutral washroom and change room facilities as an option for student-athletes, keeping in mind the right to use the facilities that best match their gender identity.

### Rules Governing the Pitcher:

- a) Any player on the team is eligible to pitch, and there are no restrictions to the number of pitchers a manager may use in a game.
- b) Pitchers will not be permitted to exceed the maximum daily allowable number of pitches in any two day period. Pitchers cannot pitch in 3 games during a day. Ex: A pitcher throws 35 pitches on Day 1. Day 2, that pitcher is limited to 70 pitches.
- c) Pitcher cannot pitch 3 consecutive days unless a pitcher's first 2 days combined does not exceed 40. If pitcher's day 1 + day 2 exceeds 40, they require at least 1 days rest. Pitcher cannot pitch 4 consecutive days. One (1) days rest is needed. A Pitcher's combined 4 day pitch count cannot exceed 150.
- d) ALL pitchers and managers shall follow the following guidelines:

No. of pitches	Days Rest required	No. of pitches	Days Rest required
1-40	0	86-105	4 days
41-55	1 day	105	1 and 2 Day Maximum
56-70	2 days	150	4 day Maximum
71-85	3 days		

- e) When a pitcher reaches the maximum number of pitches allowed for a threshold, they can complete the at-bat without the penalty of days of rest, as long as they do not pitch to another batter. In this situation, the number of pitches corresponding to the threshold reached will be indicated on the pitching log. The coach/manager needs to acknowledge this to the umpire at this moment prior to the next pitch (the pitch that breaks the threshold). The umpire would then notify the scorekeeper.
- f) The Home Team will calculate the total pitches thrown for that calendar day and determine the required rest starting the next calendar day. Athletes must not exceed the maximum pitch count total for that day. After each game the Home Team scorekeeper will fill out the pdf charts and these will be sent to the Conference / League Chair. These charts MUST be sent by email within 24 hours.

2. Weather regulations: If a game is stopped due to weather, the following procedures will be in effect: If it occurs in the first half than no team is declared the winner. Both teams will receive one (1) point. If it occurs in the second half, then the team that is ahead will be declared the winner.
3. The over-time rule will be as in the Football Canada Rules for tackle football.
4. No tinted visors are allowed.
5. Video tapes and Communication Equipment - No team shall gain an unfair advantage through the use of videos or communication equipment.
  - a) Home teams must provide equal and safe vantage points as they are using. An opponent may waive their right to tape from the vantage point. Teams do not have to provide video taping or communication equipment from the booth to the sideline for their opponent. Teams are responsible for this format of communication. There is to be no communication equipment allowed between the sideline and players on the field i.e. Coach to players helmet as this would create an unfair advantage.
6. Minor Officials - Timers and Stick Crews - All teams will provide qualified minor officials to attend a mini seminar.
7. Coaches Technical Time Out - A CTTO is for the sole purpose to inquire in an application of the referees' interpretation of a call. The CTTO must be called before the ball has been whistled in for the next play. One per half. No carry over from half to half. One CTTO per overtime. Teams must huddle and no communication can be made to any player. Upon a CTTO both coaches, one from each team, will come to a neutral area with the head official and line umpire. Neither coach may argue the point. Penalty for improper use of the CTTO: Loss of further CTTO and objectionable conduct foul with a loss of 10 yards, where it is the second half and there can be no further loss of CTTO the team shall be penalized an objectionable conduct foul and 15 yard.
8. The team's bench extends from the 15 to 45 yard line and is no closer than 2 yards from the sideline.

The UR card will also be indicated on the game sheet at the end of the game for both the home and visiting teams to take their copy.
11. An athlete receives a UR (which violates FC article 7, 8 or 16) during the game and it's recorded by the official, the athlete is sent off the field for 3 plays and we recommend the coach speak to the player about the incident. The athlete gets their 2<sup>nd</sup> UR in the same game and they are removed for the remainder of the game, but not necessarily the next game – unless determined by officials that it was a flagrant foul with the intent to injure.
12. A player receiving their 4<sup>th</sup> UR in the season for the violation of rules involving article 7 (spearing), article 8 (head leading block or tackle) and article 16 (player in defenseless posture) will receive a 1 game suspension; 5<sup>th</sup> UR and they will receive a 2 game suspension, 6<sup>th</sup> UR and they will be suspended for the balance of the season.
13. No player shall target and make forcible contact to the head or neck area of an opponent with the helmet, forearm, hand, fist, elbow or shoulder. This foul requires that there be at least one indicator of targeting (See FC Rules). When in question, it is a foul and the player will be ejected from the game and a loss of 25 yards.

**Pre-Season Practice Recommendation**

The first six (6) days of practice should be used for physical conditioning according to the following provisions. During the first three (3) days, headgear, T-shirts, shorts, and football shoes constitute an acceptable dress and no other football attire should be worn. On days four, five, and six, complete football uniforms may be worn, but ABSOLUTELY no body to body contact should be permitted. Practice during this six-day period should be limited to two hours a day, excluding flex time (stretching) and breaks. This conditioning week should include callisthenics, kicking, throwing, running, and similar exercises. Arm shields, tackling or blocking dummies, charging sleds or similar devices could be used during these six days. If a student is late coming out for the team, he should still undergo six days of physical conditioning as outlined prior to beginning regular practice and workouts.

For educational purposes for athletes and coaches, it is strongly recommended that coaches invite an official from the NBFOA to one of your training practices to explain and provide examples of targeting, defenseless player and the head leading block or tackle rules.

**Contact Practice**

Teams should begin "contact" drills the day following the six days used for physical conditioning. Only one-a-day contact sessions should be conducted. A player should participate in at least eleven (11) separate days of practice, five of which should be in pads, before participating in a football contest or scrimmage with outside competition.

Schools must be sure to follow the New Brunswick Physical Education and Safety Guidelines which state that 'there must be a minimum of 72 hours between athlete participation in any regulation football games (e.g., between club competition and interschool competition or between interschool competitions).'

**\* FNB “Head Out Of The Game” Unnecessary Roughness Penalty**

1. Any SIGNIFICANT contact delivered **TO THE HEAD OR NECK AREA** of an opponent with the helmet, facemask, forearm, shoulder or hands shall be ruled as unnecessary roughness.
2. Any SIGNIFICANT contact by a player with their **HELMET** to an opponent either in attempting a tackle or a block shall be ruled as unnecessary roughness.

For the purpose of this rule, INTENT is NOT a factor when considering if it is a foul or not. **The responsibility lies solely with the player initiating the hit or tackle to avoid the contact to the head and neck area.**

Exceptions:

1. Straight arm by ball carrier - A ball carrier is permitted to make contact to the helmet, facemask, or neck area of an opponent attempting to make a tackle with their hand provided that there is **no thrusting motion** of the arm involved in making the contact to the head or neck area. After the hand is in contact with the potential tackler a pushing action is permitted to ward of the tackler. The hand may be on the facemask but must not grasp the facemask.
2. Short yardage plunge - A ball carrier may plunge head first toward a gap when attempting to gain a first down or a play at the goal line, either attempting to score or get out of the end zone. An opponent attempting to stop the runner may make unavoidable contact to the head or neck area of the runner due to the position the runner has assumed to gain the required distance, this contact shall not be considered a foul unless it involves SIGNIFICANT helmet to helmet contact. A short yardage play of this nature does not permit the ball carrier to lower their helmet and target a potential tackler with their helmet.

## RUGBY (18.10)

Rugby Canada Rules will be used under the guidelines set down for the Under Nineteen Division unless special playing rules are put forth by the NBIAA. In this case the NBIAA rules will take precedence over any other rules.

### Special Provisions:

1. The required minimum number of players dressed to start a game must be fifteen (15) and ten (10) for rugby 7s.
2. For 15s, teams must have a minimum of twenty (20) players registered for competition, but the NBIAA strongly recommends registering twenty-five (25) or more players. For 7s, teams may register twelve (12) players for each tournament in league play or playoffs.

**Length of Game:** Rugby 15s games consist of two 35-minute halves (70-minute games) with at least a five (5) minute break between halves. Rugby 7s games consist of two 7 minute halves with a 2 minute break between halves. Players are only permitted to play a maximum of 80 minutes per day and 48 hours between full regulation games.

No overtime is played in regular season matches. (See below for playoff format)

The completion of  $\frac{1}{2}$  of a rugby match constitutes full time if the referee decides to halt the match for safety. The team with the most points at the completion of the  $\frac{1}{2}$  will be considered the winner. This does not include a team forfeiting the remainder of a game. Sanctions are set down by the NBIAA for any team failing to complete a match.

**Number of Games Permitted:** A rugby 15s team shall be limited to **12** games (including exhibition, control scrimmage, tournament and league play.) All games in the regionals and provincials shall not be counted in the 12 game limit. A rugby 7s team shall be limited to 8 exhibition tournaments, excluding the exhibition finals.

### Tie-Breaking Procedure (at the Conclusion of a Playoff Game)

There is no overtime in regular season play.

In the event of a tie after regulation in a play-off match the U-19 tie-breaking procedure will be used.

- The team scoring the higher number of tries shall be deemed the winner.
- The team scoring the higher of goals (converted ties) shall be deemed the winner.
- If a tie still exists, the team scoring the higher number of drop goals shall be deemed the winner.
- If a tie still exists, the team scoring the higher number of penalty goals shall be deemed the winner.
- If there is still a tie, each team shall nominate five kickers to kick at goal from the 22 metre line. The kickers from each team will alternate. All kickers will kick. The team that scores the higher(est) number of successful kicks out of five, will be designated a higher(est) place.
- If there is still a tie, kicks will be taken from a position, a further ten metres from the posts. The competition shall continue until one kicker in the series succeeds where the opposition misses. The team whose kicker has recorded the successful kick out of this pair shall be designated the higher(est) place.
- The kicking competition shall be repeated until a winner is declared.

**League points system:** Points will be awarded for play on the following basis: Win - 3 points; Tie - 1 point; Loss - 0 points

**Substitutions:** Unlimited substitutions are permitted. Substitutions shall be made only when the ball is dead and with the permission of the referee.

**Pre-Season :** Due to the nature of the sport of rugby and the length of the season training sessions should begin in February. Players must be physically ready to participate in contact drills and have participated in at least 8 separate 60 minute minimum full contact progressive physical training sessions.

**Schedule:** The league is composed of two Regions : North/East and South/West. The scheduling will depend on number of teams registered. For rugby 7s, league play shall consist of tournaments involving all teams within the conference/region and will follow a round robin format.

**Regional Play:** In Regional league play (interlocking), the top two teams based on league standings would advance to the Provincials.

## APPENDIXES

### Appendix 1: Lightning Protocol

The following safety protocol **MUST** be followed as per the New Brunswick Safety Guidelines for Secondary Interscholastic Athletics, 2014:

#### Chain of Command:

The person filling the roles listed below are responsible for making the decision to remove a group or individuals from the playing field, stopping the activity and determining when/if it is safe to resume the activity:

Practices: teacher/coach

Games: teacher/coach in consultation with official

#### Planning in Advance

The following must be taken into consideration:

1. **Weather Conditions:** Monitor weather conditions prior to practice or event. Be aware of potential thunderstorms that may form during scheduled practices or athletic events. (e.g., local weather forecasts from the Weather Channel, local radio/TV stations.
2. **Shelter:** Know where the closest 'safe structure or location' is to the field or playing area and know how long it takes to get to that safe structure or location.

#### Safe structure or location is defined as:

- Any building normally occupied or frequently used by people (e.g.: a building with plumbing and electrical wiring that acts to electrically ground the structure).
- In the absence of a safe structure, **any vehicle with a hard metal roof** (not a convertible or golf cart) and rolled-up windows can provide a measure of safety. (It is not the rubber tires that make a vehicle a safe shelter, but the hard metal roof which dissipates the lightning strike around the vehicle.)
- **DO NOT TOUCH THE SIDES OF THE VEHICLE.**

**Alternate location:** If there is no safe structure or location:

- Find the low ground. Seek cover in clumps or bushes or a dry ditch.
- Remove all metal objects.
- Minimize your body's surface area in contact with the ground. Do not lie flat on the ground. (Lightning current often enters a victim through the ground rather than by a direct overhead strike).
  - **PLACE YOUR FEET TOGETHER, LOWER YOUR HEAD, CROUCH DOWN WITH ONLY THE BALLS OF YOUR FEET TOUCHING THE GROUND, AND WRAP YOUR ARMS AROUND YOUR KNEES.**
  - If you are in a group in the open, spread out keeping people several meters apart.

#### Unsafe shelter includes:

Near flag poles

Light poles

Golf carts

All outdoor metal objects

(e.g., football standards)

Near fences and gates

Metal bleachers

Machinery, etc.

**AVOID** trees, water (e.g., ponds, creeks), open fields and high ground.

**Detection and Response:** When you first see lightning or hear thunder, activate your emergency plan and seek shelter immediately (go to a building or a vehicle.) Lightning often precedes rain, so don't wait for the rain to begin before suspending activities.

Apply the following lightning safety slogan:  
**'IF YOU SEE IT, FLEE IT; IF YOU HEAR IT; CLEAR IT'.**

**Resumption of the Activity:** Wait a minimum of 30 minutes from the last visual observation of lightning or sound of the thunder before resuming activities.

Injured persons do not carry an electrical charge and can be handled safely. **Call 911** or send for help immediately. Apply first aid procedures if you are qualified to do so.

## Appendix 2: Concussion

### Concussion Definition

- is a brain injury that causes changes in how the brain functions, leading to symptoms that can be physical (e.g., headache, dizziness), cognitive (e.g., difficulty concentrating or remembering), emotional/behavioural (e.g., depression, irritability) and/or related to sleep (e.g., drowsiness, difficulty falling asleep);
- may be caused either by a direct blow to the head, face or neck, or a blow to the body that transmits a force to the head that causes the brain to move rapidly within the skull;
- can occur even if there has been no loss of consciousness (in fact most concussions occur without a loss of consciousness); and,
- cannot normally be seen on X-rays, standard CT scans or MRIs.

### Concussion Diagnosis

A concussion is a clinical diagnosis made by a medical doctor or nurse practitioner. It is critical that an athlete with a suspected concussion be examined by a medical doctor or nurse practitioner.

Schools should follow the Concussion Management Procedures as per the New Brunswick Safety Guidelines for Secondary Interscholastic Athletics.

The NBIAA is **requiring** that coaches complete the free online concussion course "**Making Head Way**" at [www.coach.ca](http://www.coach.ca). This course is **mandatory** for all coaches in all NBIAA activities.

## Appendix 3: NBIAA Recommendations

### Section 1.

Coaches. The Association recommends that every effort shall be made to have all coaches of high school teams selected from members of the faculties of the various schools concerned. All teams should be coached / supervised by a school official or an approved adult sanctioned by the Principal of the school.

### Section 2.

Traveling Teams. The Association recommends that every high school team, while traveling, shall be accompanied by a member of the faculty of the school.

### Section 3.

Rules. The Association recommends that a copy of NBIAA eligibility regulations be posted in each school.

### Section 4.

Health examination. The Association recommends a thorough medical examination for each student prior to participation on an inter-scholastic team.

## Appendix 4: NBIAA Awards Information

He was the director of physical education for years at Vanier High School and École Mathieu-Martin.

The top two student athletes selected each year, one male and one female, in each school category, will receive the top award, which is in honour of William S. Ritchie, a member of the New Brunswick Sports Hall of Fame and a past Executive Director of the New Brunswick Interscholastic Athletic Association. He served on the board of directors for Canadian School Sports Federation from 1970-1982 and he was inducted into the Canadian Basketball Hall of Fame in 1997.

## Appendix 7: NBIAA Hosting - Minimum Standards for all Provincials and Senior Regionals

**We also recommend that these standards be followed for NBIAA Junior Regional events and if some cannot be met, the conference presidents must be in agreement.**

\*Some revisions may be required and must be approved by the NBIAA.

### **Accommodations**

Depending on the particular competition being hosted, accommodation requirements can vary greatly. Although it is preferable that required accommodations be near the competition site (60 km maximum one way), it should be noted that smaller communities away from the host site may need to be used. When accommodations are required, the tournament committee should attempt to negotiate a reduced rate for visiting competitors and inform all conferences of the arrangements. Where possible, block rooms with the NBIAA sponsor hotel when one exists in the area. Inform the hotel that teams attending provincials will likely not be known until the weekend before provincials and request that they hold all block booked rooms until 9:00pm on the Monday prior to Provincials.

**Note:** NBIAA has an accommodation agreement with InnVest Hotels (Comfort Inn). With this in mind, the tournament committee should use an InnVest Hotel, when one exists in the area. InnVest Hotels offer a competitive NBIAA rate and terms as well as offer financial support to the NBIAA. Please see the Proud Sponsors of the NBIAA, at the bottom of the NBIAA website and click on the InnVest Hotels logo for a complete hotel listing or refer to the back of the NBIAA Handbook for the InnVest ad.

### **Concessions**
