Respect

A core value of the NBIAA-ASINB to promote Respect in high school sports. Respect can involve student-athletics, coaches, officials, volunteers, school administrators, and parents. Respect is understood as instilling values that include sportsmanship, integrity, fair play, safety management, physical development, and promoting positive psychological development for student-athletes, coaches, parents of student-athletes, and school administrators.

Leadership

A core value of the NBIAA-ASINB is to be the organization that facilitates the development of leaders (student-athletes, coaches, and volunteers) through high school sport.

Educational Values

A core value of the NBIAA-ASINB is to promote and facilitate the educational values within the context of high school sports. The educational values are established by the Department of Education under the *Provincial Student Code of Conduct Guidelines*. This document states that, "The Provincial Student Code of Conduct reflects the values and behaviours that will help New Brunswick schools be positive, caring and safe places to learn and work" (Government of New Brunswick, 2018, p.2). This code of conduct is applicable to the student-athlete, parent, teacher, school administrator, and member of the school community.

RESPONSIBILITY OF SCHOOL ADMINISTRATORS

The school principal or his/her designated representative shall be the responsible administrative officer of a school. Due to the Right to Information and Protection of Privacy Act, principals must advise parents that when participating on school sports teams, student names and depending on the sport, grade level, weight and height information may be distributed for use on games sheets, schedules, tournament programs and posting of results in the media *and social media*. For a sample of an Interscholastic Athletic Participation Form, principals can refer to Appendix A of the New Brunswick Safety Guidelines for Secondary Interscholastic Athletics.

The school principal's responsibility shall include, but shall not be limited to, the following:

Host School – The basic responsibility of the host school is to take every possible measure at any athletic activity to assure courteous, friendly, safe and fair treatment to visiting players, school representatives, fans and game officials.

Administrative Control – The administration and supervision of all facets of all activities in the high school program shall be entirely controlled by the properly constituted administrator.

Conduct of Participants – The responsibility for the conduct of the coaches, players and spectators at any athletic contest shall lie with the administrators of the schools whose teams are participating in the contest.

Hazing – A form of team initiation is a behaviour that will not be accepted amongst NBIAA school teams. Any penalty for inappropriate behaviour that is outlined in the Department of EECD Policy 703 will be administered by the school or schools involved. Upon further review of the incidents, the NBIAA reserves the right to impose further sanctions.

Conduct of Administrators – News Media – A school administrator shall never use the news media or social media to criticize another school administrator, school team, coach, player, game official or the NBIAA. All members have a right to discuss issues with the NBIAA Executive Committee, but these issues should be communicated by all members with due diligence in a professional manner.

Student Eligibility - The school administration must assume responsibility for verification of all student eligibility rules.

Online Access - The username and password for the NBIAA online system has been given to the school Principal. The password for the online system is considered to be the signature of approval from the school Principal.

Non-School Teams - The use of the school name, uniforms and equipment by the non-school team gives the perception that the team is under the authority of the principal. To prevent a legal challenge concerning liability, it is strongly recommended by the NBIAA that the non-school team should not be allowed the use of the name, uniforms or equipment of the school (as per O.R. 10.8) unless a formal agreement has been signed by the non-school organization. This agreement should clearly define who has jurisdiction over the non-school team. It is also recommended that facility rental agreements be put in place with the non-school teams.

Section 2.

A player is eligible:

- a) for five (5) years from entering into Grade 9.
- b) unless declared ineligible or suspended by their Principal.
- c) until they have graduated and/or received a high school diploma or its equivalent, (or the end of the school year in which the person attains the age of 21—Education Act).

Section 3.

A student must carry a full complement of regular/credit courses during the four years of eligibility (Grades 9-12). Students in their 2nd semester of grade 12, with enough credits to graduate, are permitted to participate in interscholastic activities with a part time schedule. A fifth year student is required to enrol in the courses needed to fulfill graduation requirements.

Section 4.

Transfer student eligibility:

A NBIAA student transfer policy has been in existence since 1980, with the intent to promote fairness in athletic competition. This policy is meant to restrict students transferring schools for athletic purposes and to prevent recruiting. Students attend school first and foremost for an education and they have the privilege to complement their education by taking part in interscholastic activities offered at that school. There is always the concern that the athletic-motivated transfer simply puts athletics above academics, which is inappropriate in educational athletics.

A student's five years of eligibility begins upon entering grade 9. The school at which a student is registered and attending their 1st day in Grade 10 shall be the school in which they are eligible to participate in NBIAA Championship activities for the remaining years of eligibility. Once a student transfers after establishing their school of eligibility, they are considered ineligible until approved by the NBIAA. Before a decision is rendered, the online NBIAA Transfer Form must be fully completed and submitted along with supporting documents as required. Always check with the school principal and/or the NBIAA before a student transfers, to determine whether it will affect their eligibility. Disciplinary actions will follow the student-athlete to all schools.

- I. A student is eligible to participate for a NBIAA member school if they meet one of the following conditions (with the exception of any sport they participated in at their previous school in the current school year):
 - i) Family move: the student has moved with the parent(s)/legal guardian(s) who has changed residence and resides within the catchment area of the school at which the student has registered. The student and their immediate family must completely and permanently move from the former residence. Documents may be requested to confirm the new residence and that they have permanently moved from the former residence.
 - ii) Parent to parent move (separated / divorced and permanently living apart): the student moves to reside with a parent/legal guardian within the catchment area of the school at which the student has registered. Written confirmation will be requested from the Principal of the previous school in order to determine sport eligibility. Only two such transfers are allowed in a student's years of eligibility.
 - iii) Short term Transfer & Return to Home: the student is transferring from one school to another school for the purpose of playing a non-NBIAA sport activity and did not participate in any NBIAA activities while attending that school. That student will not be eligible for the sport activity in which they transferred during that school year.*
*Exception for hockey - If a player is registered in any Hockey Canada/USA Seniors, Juniors, Major Midget AAA on December 1st or later, he is ineligible for NBIAA hockey for the remainder of the season.
 - iv) Independent / Private Schools: the student is transferring to a NBIAA member school and did not participate in any NBIAA activities at the previous school. Or, the student is transferring back to their previous catchment area school and residing with their parent(s)/ legal guardian(s).

- v) District waiting list students (Saint John city schools): A district waitlist student had transferred by September 30th. The onus is on the parents to provide supporting documents from the District or School that the transfer has been requested at least 3 weeks prior to the fall sports season. The waitlist student may participate in NBIAA activities prior to transferring, but there is no guarantee that they will make a team at the new school. If a waiting list transfer occurs after September 30th, the student will be ineligible until the next season of play.
- II. If the above conditions in Part I cannot be met, the transfer student is ineligible (for a period of up to 12 months). Transfers that do not meet the eligibility criteria may be reviewed by the NBIAA Transfer Committee, if supported by both the sending and receiving schools (Principals).

Notes:

1. Once a student has changed schools they are considered a transfer student and must comply with the NBIAA Transfer Rules.
2. Students who transfer into the New Brunswick public school system without parent(s)/legal guardian(s) are ineligible to participate in NBIAA activities for 12 months from the first day of attendance at their new school or until the eligibility of the student to participate in NBIAA activities is approved. (Exceptions to approved EECD international programs.)
3. Any grade 9 student that has changed schools during the school year is ineligible to participate in any sport that they participated in at the previous school.
4. The word 'participate' in these regulations means competing for your school in an NBIAA activity. This includes practices/try-outs, exhibition games, tournaments and league play.
5. Under no circumstance can a student have more than one residence for the purpose of eligibility.
6. Only students who transfer during the summer months, outside of the school year and meet one of the Part I conditions become eligible to participate in practices and tryouts during the 3 weeks prior to the fall season. The NBIAA transfer form must be completed and submitted to the NBIAA before the student may participate in their first game. In order to continue to be eligible to participate for the regular season beginning the 1st day of school, all summer transfers must be approved by the NBIAA.
7. International students, who have not graduated from their home country, who are participating through an approved EECD international program and who meet all NBIAA eligibility criteria are not considered a NBIAA transfer student and are eligible for all sports immediately.
8. Students transferring from other provinces, states or countries, who have graduated from their respective high school programs or equivalent, are ineligible for NBIAA activities.
9. Transfer students can **ONLY** be added to an NBIAA team personnel form after they have been deemed eligible by the NBIAA.

Legal Guardian - A legal guardian shall be defined as:

- A person who has been appointed legal guardian of the child by will and has supported, maintained or cared for the child since the death of the parent(s) with whom the child was previously residing.
- An adult who is under a legal duty to support or maintain the child under a court order or under a written agreement and has supported or maintained the child for the previous twelve (12) months.
- An adult who has signed a Statutory Declaration stating that they consider themselves to be the parent of the child and who has maintained, cared for and financially supported the child for the previous twelve (12) months. A statutory Declaration is a Declaration sworn before a Notary Public or Commissioner of Oaths, and has the same effect as an oath given in a courtroom. A declaration is considered to be sworn evidence.

Penalties and Sanctions:

The use of an ineligible player(s) shall cause the team concerned to forfeit all games and points won in those games in which the player(s) participated. The Executive Committee may levy additional penalties as it deems appropriate.

Transfer Reviews:

1. A student who is not eligible under this policy must have their school request a review with the NBIAA Transfer Committee, which consists of a minimum of 3 NBIAA Executive Members not in conflict. Reviews will be conducted once every season of play.
2. The school must submit in writing the grounds of a review and the reasons why the student claims to be eligible by presenting additional information not previously submitted in the transfer request.
3. The NBIAA Transfer Committee decision shall be final.

ARTICLE 3 - COMPETITION WITH NON-MEMBERS**Section 1.**

No member school shall compete in activities with non-member schools unless the contest has been sanctioned by the NBIAA.

Section 2.

No student or team from member schools shall compete in interprovincial or international competition unless the contest has been sanctioned by all participating provincial and/or state school associations.

Section 3.

All tournaments to be sanctioned must meet all NBIAA requirements as set out in the by-laws.

Section 4. No student or team from member schools shall compete in any tournament or exhibition play (alumni & fundraising games included) unless the contest has been sanctioned by the Association. Schools or teams are responsible for verification of sanction approval by the NBIAA, prior to accepting an invitation.

Section 5.

Application deadlines by member schools for tournaments or exhibition games with teams within the 'Region' (Maritime Provinces and Maine) must be submitted at least two (2) weeks prior to the event and at least four (4) weeks prior to the event when involving teams outside the "Region". The applications must be submitted using the NBIAA online sanction request. Schools will be assessed a fee of \$100 in order to approve a sanction request received after the deadline.

Section 6.

O.R. 3 - ELIGIBILITY & RECRUITMENT

- 3.1 No student may participate in athletics for a school in which they are not enrolled.
- 3.2 A sport specific education program allows for sport specific education, training, instruction and/or competition; provides sport skills training in a targeted sport; provides other training/education such as, but not limited to, weight training, sport nutrition, or mental training to support the targeted sport. If this program involves more than 50% of instructional time in one sport, it is considered a sport specific education program.
- A student is allowed to enrol in a sport specific program for one semester and will remain eligible to compete in that sport with the NBIAA. Once the student enrolls in a second sport specific program of that same sport, they become ineligible to participate with the NBIAA for that sport until graduation.
- 3.3 Insurance becomes available once the player meets the eligibility requirements of the NBIAA.
- 3.4 The NBIAA strongly condemns any attempt to recruit a student-athlete into a member school. A recruiting prohibition discourages exploitation of students: prevents over-emphasis of athletics; gives average student-athletes more opportunity to participate; discourages adults from jeopardizing a student's eligibility and prevents misuse of athletic programs.

- Definition:** recruiting is defined as a representative of a school, either directly or through another party, encouraging a student to attend a school other than that in whose catchment area he or she resides, for the purpose of being involved in extracurricular sport. The school representative could be a teacher, administrator, school district employee, school employee, student, parent, alumnus or any person representing themselves as a school contact.
- Indicators of Recruiting:** there are many legitimate times that a school representative and/or coach of a school team will be in contact with students from another school. Therefore,

indicators of recruiting have been developed to provide parameters of behaviour expectations for coaches and other school representative(s). For brevity, the term "coach" is used, but the policy applies equally to coaches or any other school representatives as listed above.

- a coach shall not initiate contact with any student who does not attend, or does not directly feed into the coach's school, in order to suggest, encourage or explain a transfer to a different school.
- a coach shall not encourage any other person, including past and present players, to contact any student to suggest, encourage or explain a transfer to a different school.
- a coach shall not permit a student who is not currently enrolled at the coach's school, or whose present school does not directly feed into the coach's school, to participate in team practices or participate in scheduled team activities (including travel to games/events, team meetings or trips), unless specifically agreed to by the NBIAA.
- a coach shall not permit a student who is not currently enrolled at the coach's school, or whose present school does not directly feed into the coach's school, to attend "open gym" at the coach's school or attend spring or summer practices, games or camps specifically designated for enrolled students.
- a coach shall not entice a student who is not currently enrolled at the coach's school, or whose present school does not directly feed into the coach's school, into transferring to the coach's school. Examples of the applicable situations are listed below, but are not limited to:
 - Providing particular inducements such a preferential accommodation, reduced fees or employment at any camp program
 - allowing the non-enrolled student to accompany the team to a school or team function, or by offering a discounted or special admission to any school function, including team games
 - providing a non-enrolled student with team plans, practice outlines or game plans
 - providing transportation, equipment, clothing/footwear or financial inducement in order to facilitate a non-enrolled student's involvement in out-of-season contests, leagues, camps, clinics or related programs
 - inviting or allowing a student who is transferring to the coach's school to reside with the coach (and/or coach's family) who is not the student's parent or legal guardian or being financially supported in anyway by a coach or institution
 - a coach shall not use an evaluation process from an out-of-season program or camp to suggest that a student transfer to any other school other than the one at which he or she is currently enrolled or into which they will directly feed
- Student Approaching a Coach:** If a coach is approached by any student who is not enrolled at the coach's school, or by any student who will not directly feed into the coach's school, with questions or comments regarding any sports program at the coach's school, the coach must direct the student to the school administration or school district office. Once a student has registered at the coach's school, the coach may discuss school teams.
- offering monetary or transportation assistance to a student, parent or guardian (including fees, tuition, bus passes or other allowances or waivers). Provided however, that for the purposes of these regulations, waiver or any fee ordinarily charge to an international student by a school, shall not necessarily be considered undue influence or recruitment. Provided further that, when determining whether undue influence or recruitment exists, the NBIAA Executive shall be entitled to consider whether such fees are waived for students not involved in athletic activities.

If a person has knowledge of undue influence or recruitment, as defined herein and allegedly committed by any other student, coach, teacher, school staff, or administrative personnel connected with an NBIAA member school, he/she shall provide written notice of the allegation of undue influence or recruitment to the Executive Director.

Sanctions and Penalties:

Upon reporting of a recruiting violation in writing and signed by the school Principal to the NBIAA, the Executive Director shall initiate an investigation of the allegations contained in the written notice. The Executive Director will present the written complaint to the school involved and require a written response from the Principal by 4:00 PM of the next business day.

Any school staff or administrative personnel of the school involved, who fails or refuses to cooperate with and assist in the investigation conducted by the Executive Director, may result in the team being excluded from all competition or subject to alternative penalties as determined by the NBIAA Executive Committee.

Should the investigation result in confirmation of recruiting, the NBIAA Executive committee will review the infraction and sanctions may range from:

1. The player and / or team may be ineligible for participation in NBIAA provincial playoffs within the same season of play.
2. Be fined up to \$1000.00

The safety of players, coaches, management and spectators is the primary concern in any weather event that occurs during all NBIAA sanctioned activities. By understanding and following the information below, the safety of everyone shall be greatly increased. Ultimately the referee has the final say over delaying or restarting a match due to weather. Referees are expected to act responsibly when dealing with such events during matches they are controlling. (See Lighting Protocol in the Appendix Section of the Handbook)

The NBIAA and all schools involved in Conference, Regional or Provincial tournaments must be notified of changes to schedules if weather forces a delay or cancellation. Confirmation must be received from all schools involved regarding changes.

Pre-Season Practice Recommendation

The first six (6) days of practice should be used for physical conditioning according to the following provisions. During the first three (3) days, headgear, T-shirts, shorts, and football shoes constitute an acceptable dress and no other football attire should be worn. On days four, five, and six, complete football uniforms may be worn, but ABSOLUTELY no body to body contact should be permitted. Practice during this six-day period should be limited to two hours a day, excluding flex time (stretching) and breaks. This conditioning week should include callisthenics, kicking, throwing, running, and similar exercises. Arm shields, tackling or blocking dummies, charging sleds or similar devices could be used during these six days. If a student is late coming out for the team, he should still undergo six days of physical conditioning as outlined prior to beginning regular practice and workouts.

For educational purposes for athletes and coaches, it is strongly recommended that coaches invite an official from the NBFOA to one of your training practices to explain and provide examples of targeting, defenseless player and the head leading block or tackle rules.

Contact Practice

Teams should begin "contact" drills the day following the six days used for physical conditioning. Only one-a-day contact sessions should be conducted. A player should participate in at least eleven (11) separate days of practice, five of which should be in pads, before participating in a football contest or scrimmage with outside competition.

Schools must be sure to follow the New Brunswick Physical Education and Safety Guidelines which state that 'there must be a minimum of 72 hours between athlete participation in any regulation football games (e.g., between club competition and interschool competition or between interschool competitions).'

*** FNB "Head Out Of The Game" Unnecessary Roughness Penalty**

1. Any SIGNIFICANT contact delivered TO THE HEAD OR NECK AREA of an opponent with the helmet, facemask, forearm, shoulder or hands shall be ruled as unnecessary roughness.
2. Any SIGNIFICANT contact by a player with their HELMET to an opponent either in attempting a tackle or a block shall be ruled as unnecessary roughness.

For the purpose of this rule, INTENT is NOT a factor when considering if it is a foul or not. The responsibility lies solely with the player initiating the hit or tackle to avoid the contact to the head and neck area.

Exceptions:

1. Straight arm by ball carrier - A ball carrier is permitted to make contact to the helmet, facemask, or neck area of an opponent attempting to make a tackle with their hand provided that there is **no thrusting motion** of the arm involved in making the contact to the head or neck area. After the hand is in contact with the potential tackler a pushing action is permitted to ward of the tackler. The hand may be on the facemask but must not grasp the facemask.
2. Short yardage plunge - A ball carrier may plunge head first toward a gap when attempting to gain a first down or a play at the goal line, either attempting to score or get out of the end zone. An opponent attempting to stop the runner may make unavoidable contact to the head or neck area of the runner due to the position the runner has assumed to gain the required distance, this contact shall not be considered a foul unless it involves SIGNIFICANT helmet to helmet contact. A short yardage play of this nature does not permit the ball carrier to lower their helmet and target a potential tackler with their helmet.

5. Female golfers will tee off from the *forward* tee.
6. A standard 10 stroke maximum score per hole is in place for conference, regional and provincial play. Once a player has incurred 10 strokes, they will pick up their ball and wait for other players in the group to finish the hole.
7. Regional and Provincial hosts must book the course by June 1st.

After completion of the round, the competitor should check their score for each hole and settle any doubtful point with their playing partner (marker). He / she must ensure that both players have signed the score card and return it to the organizing committee as soon as possible.

Team Tie-Breaker Procedure

2. Team personnel ejected from a game, or a game of a match, for disciplinary measures shall be suspended from the remainder of that contest and the next played scheduled game or match (exhibition, conference, regional or provincial). If the suspension /ejection takes place during a semi-final regional or provincial event, they will be suspended from the next scheduled game, excluding exhibition games. Any further disciplinary action should come from the Hockey Coordinator, Conference Disciplinary Committee or the NBIAA. Any team personnel who incurs a suspension cannot participate in any played games (league, playoff, exhibition or tournament) in any capacity (i.e. coaching, officiating, playing, etc.) until such suspension has been served in hockey. If all suspensions are not fully served in hockey, the remaining suspensions will carry over to the next NBIAA sport, as well as the next hockey season. Athletes can remain practicing and coaches cannot coach in any capacity until that suspension has been served. No additional competitions may be added to a team's schedule until after the suspension has been served. Team personnel may not participate / communicate with his/her team before a game / match, between periods, at half-time or after a game while serving a suspension. Such action will result in an additional suspension to the coach. If a coach is ejected from a contest and an assistant coach or an assigned school representative is not available to continue as coach, the event is terminated and forfeited to the opponent.
3. Hockey Canada playing rule 28 f. (stick infraction rule) applies in NBIAA High School hockey. Three (3) stick infractions in a game calls for a game ejection. For the purpose of applying this rule, the 5 stick penalties are: High Stick, Cross Check, Slashing, Butt-ending and Spearing.
4. *Any player accumulating 5 minor penalties in the same game will receive a game ejection.*
5. Any 10 minute misconduct issued following the completion of the game shall warrant a one game suspension.
6. All home team coaches MUST send game sheets (legible and signed by officials) to the League Coordinator within 24 hrs or no later than the next school day. Failure to submit will result in the levying of an administrative fee of \$25 per game sheet, which stays within each conference.
7. Suspensions will be handed down by the league coordinator for any games involving teams in their conference.
8. All suspensions begin immediately and include the next played "scheduled" high school sanctioned exhibition, league, tournament and/or play-off games.
9. Suspended players / team officials must be noted on the game sheet during the games comprising the suspension.

The competition shall continue until one kicker in the series succeeds where the opposition misses. The team whose kicker has recorded the successful kick out of this pair shall be designated the higher(est) place.

Corporate Sponsorship Policy

The NBIAA should allow corporate involvement in its interscholastic activities through carefully constructed relationships with companies and organizations to generate income, promotions and savings that benefit member schools and the student-athletes who attend them. The corporate partner involvement must balance the NBIAA's commitment to education, integrity and quality with acceptance of financial support for its interscholastic activities and related programs.

The NBIAA, through corporate sponsors, shall maintain a conscious and consistent effort to assure that the association's commitment to its constitutional objectives are not compromised.

The NBIAA shall place limits on the amount of corporate partners, the scope of their corporate involvement and use of the NBIAA marks and the level of corporate identification with NBIAA events. The association shall insist that its corporate partners are quality companies that are supportive of the Association's responsibility to develop educational programs that benefit its member schools.

The corporate partners must be willing to adapt their promotional activities to the constraints of the NBIAA's philosophy and the NBIAA must be sensitive to the needs of the corporate partners to use the relationship in beneficial ways.

The NBIAA realizes that there must be real benefit and value to corporate partners, which participate with the association. The viability and success of any corporate involvement requires that the participants benefit from the relationship.

The following are guiding principles reflecting the values of the NBIAA, which must be respected:

1. The NBIAA is committed to education, integrity, amateurism, fairness and good sportsmanship.
2. The NBIAA is committed to assuring that the focus of the events, activities and programs is on the member schools and the athletes who attend them.
3. The NBIAA is committed to the higher level of quality in all its activities and programs.
4. The NBIAA is committed to maintain fiscal responsibility that enables it to promote and administer interscholastic programs.
5. The NBIAA is committed to supporting and providing services for its member schools and the students who attend them.

NBIAA corporate partners involvement is founded on quality, integrity and highly regarded values. Intelligent, informed, good faith commitment by the participants will assure the long-term well being of the involvement.

SECTION 9 APPENDIXES

Appendix 1: Lightning Protocol

The following safety protocol MUST be followed as per the New Brunswick Safety Guidelines for Secondary Interscholastic Athletics, 2014:

Chain of Command:

The person filling the roles listed below are responsible for making the decision to remove a group or individuals from the playing field, stopping the activity and determining when/if it is safe to resume the activity:

Practices: teacher/coach

Games: teacher/coach in consultation with official

Planning in Advance

The following must be taken into consideration:

1. **Weather Conditions:** Monitor weather conditions prior to practice or event. Be aware of potential thunderstorms that may form during scheduled practices or athletic events. (e.g., local weather forecasts from the Weather Channel, local radio/TV stations.
2. **Shelter:** Know where the closest 'safe structure or location' is to the field or playing area and know how long it takes to get to that safe structure or location.

Safe structure or location is defined as:

- Any building normally occupied or frequently used by people (e.g.: a building with plumbing and electrical wiring that acts to electrically ground the structure).
- In the absence of a safe structure, any vehicle with a hard metal roof (not a convertible or golf cart) and rolled-up windows can provide a measure of safety. (It is not the rubber tires that make a vehicle a safe shelter, but the hard metal roof which dissipates the lightning strike around the vehicle.)
- **DO NOT TOUCH THE SIDES OF THE VEHICLE.**

Alternate location: If there is no safe structure or location:

- Find the low ground. Seek cover in clumps or bushes or a dry ditch.
- Remove all metal objects.
- Minimize your body's surface area in contact with the ground. Do not lie flat on the ground. (Lightning current often enters a victim through the ground rather than by a direct overhead strike).
 - **PLACE YOUR FEET TOGETHER, LOWER YOUR HEAD, CROUCH DOWN WITH ONLY THE BALLS OF YOUR FEET TOUCHING THE GROUND, AND WRAP YOUR ARMS AROUND YOUR KNEES.**
 - If you are in a group in the open, spread out keeping people several meters apart.

Unsafe shelter includes:

Near flag poles	Near fences and gates
Light poles	Metal bleachers
Golf carts	Machinery, etc.
All outdoor metal objects (e.g., football standards)	

AVOID trees, water (e.g., ponds, creeks), open fields and high ground.

Detection and Response: When you first see lightning or hear thunder, activate your emergency plan and seek shelter immediately (go to a building or a vehicle.) Lightning often precedes rain, so don't wait for the rain to begin before suspending activities.

Apply the following lightning safety slogan:
'IF YOU SEE IT, FLEE IT; IF YOU HEAR IT; CLEAR IT'.

Resumption of the Activity: Wait a minimum of 30 minutes from the last visual observation of lightning or sound of the thunder before resuming activities.

Injured persons do not carry an electrical charge and can be handled safely. Call 911 or send for help immediately. Apply first aid procedures if you are qualified to do so.

Appendix 2: Concussion

Concussion Definition

A concussion is:

- is a *traumatic* brain injury that causes changes in how the brain functions, leading to *signs and symptoms* that can *emerge immediately or in the hours or days after the injury*;
- *signs and symptoms can* be physical (e.g., headache, dizziness), cognitive (e.g., difficulty concentrating or remembering), emotions/behavioural (e.g., depression, irritability) and/or related to sleep (e.g., drowsiness, difficulty falling asleep);
- may be caused by a *jarring impact* to the head, face, neck or *body, with an impulsive* force transmitted to the head, that causes the brain to move rapidly *and hit the walls of the* skull.
- can occur even if there has been no loss of consciousness (in fact most concussions occur without a loss of consciousness; and, cannot normally be seen on X-rays, standard CT scans or MRI's).

Schools should follow the Concussion Management Procedures as per the New Brunswick Safety Guidelines for Secondary Interscholastic Athletics.

The NBIAA is *requiring* that coaches complete the free online concussion course "*Making Head Way*" at www.coach.ca. This course is mandatory for *all* coaches *in all NBIAA activities*.

Appendix 3: NBIAA Recommendations

Although it is preferable that required accommodations be near the competition site (60 km maximum on way), it should be noted that smaller communities away from the host site may need to be used. When accommodations are required, the tournament committee should attempt to negotiate a reduced rate for visiting competitors and inform all conferences of the arrangements. Where possible, block rooms with the NBIAA sponsor hotel when one exists in the area. Inform the hotel that teams attending provincials will likely not be known until the weekend before provincials and request that they hold all block booked rooms until 9:00pm on the Monday prior to Provincials.

Concessions

Depending on the nature and location of the meet, concessions may or may not be necessary; therefore, concessions should be provided at the discretion of the organizing committee and with menu choices that keep the best interests of the student athletes in mind (Nutrition Policy 711). No alcohol is to be served at NBIAA events, as per O.R. 11.5.
